

# We take Life Science strategy personally

## We are looking for Consultants and Interns (f/m/d)

### Our tasks

- ▶ Advise national and international Life Science companies (Pharma, Biotech, Healthcare, Medtech)
- ▶ Develop innovative solutions for complex strategic issues
- ▶ Projects range from growth strategy (products, geographic, corporate), market access and organizational transformation to transaction support

### What we offer

- ▶ Exciting strategy projects within the Life Science industry
- ▶ Diverse and individual coaching and further education offers
- ▶ Cooperative culture with strong respect for each other
- ▶ Work-Life-Balance: flexible working time models

### What makes you stand out

- ▶ Educational/professional background or strong interest in Life Sciences
- ▶ Outstanding academic track record
- ▶ Strong analytical skills and rigorous work ethics
- ▶ Excellent communication skills in English (and German for consultants)

### Apply Now!

We are looking forward to the application of people that contribute to our company's diversity

# Are you ready to make real change happen?

Then it is time to join our Life Sciences team in Munich!

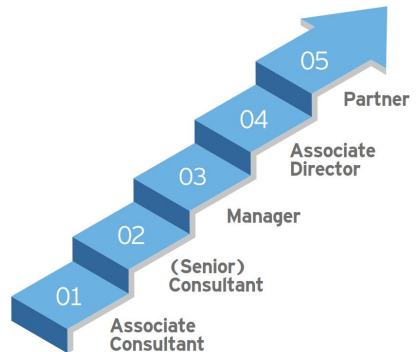

## About us

EY-Parthenon is a fast-growing international top tier strategy consultancy: unconventional and provocative, yet always passionate and personal. It is our DNA to solve complex problems and initiate real change. Our team members develop customized solutions for our clients – so they can take the best decisions and help realize the full potential of their companies.

## Your career with us

Whether you join us for an internship, or start as a consultant: we accompany your journey via manager to partner with diverse coaching and training offers.

Applicants with master's degree, MBA or PhD start as consultants. Bachelor graduates enter as associate consultants. Professional experience that you may already have will be considered when you join us.

## We look forward to your application!
